

M5 Lift Recliner

M5 Lift Recliner

The M5 is the first choice for a premium bariatric lift chair, with its class leading Australian made three motor mechanism, culmination of years of research, testing of design and development by our in house team of engineers. Reliability was a key focus of the M5 development process which is why we put it through thousands of lift cycles while weighted above its rated capacity at each stage of development. This has resulted in the most durable bariatric mechanism on the market.

FEATURES

- 320kg weight capacity
- 2 year battery warranty
- Controller right side
- Three motors
- 75mm casters
- Made to measure
- Twin lift motors
